Report Reference	**FTC-26-01**
Meeting Date	**4th June 2026**
Agenda Item	**10**
Prepared by	**Town Clerk**

Background

RotherFed are working together on a 4-year cohesion project called Rotherham Ripple Effect.

The aim is to create more understanding between people within Rotherham and find more things in common rather than focusing on differences. They hope to provide safe spaces for people to express their frustrations and hopefully tackle any misconceptions with understanding and empathy.

Within the project, they will create Upstanders, individuals who have the training and confidence to be able to speak up when they or others are faced with negativity in their communities.

The project will help to support the borough and make it a place where everyone feels welcome and understood.

Rotherham Ripple Effect will help to facilitate events, celebrations, workshops, etc that will be cohesive spaces for people from all backgrounds/races/cultures/religions.

Their targets are:

Maltby, Eastwood, Dinnington, Ferham, Kimberworth, Brinsworth. However, we are open to working with people in other areas where a need has been identified.
